

Just happened to me. I bought 2020 titanium Hybrid by order (did not sit on lot ever) in november 2020. Car has 5000 or so miles, 6 months old, driving every day past week 50 to 100 highway miles. Parked as usual, ...

2020 Thor Sequence 20L Lithium Upgrade ... I'm writing an In Depth article on the Compass covering dozens of upgrades to include a Dual Lithium Battery System, should be out in a week or so. Stay Safe - Mike Mas. Correct- you do not want to mix battery types- should all be the same, age as well. The terminal fuse is for the Balmar regulator if you have a UHG ...

I have the same problem on my 12.9" 2020 ipad pro. 4hrs of goodnotes uses 75% of my battery which is atrocious. Meannwhile my buddy who has an air 4 uses only like 50% from the same usage. I just gotta always make sure i take my charger to college so i dont run out and not be able to make notes in class.

2020 Camry XLE purchased, Oct 2019 has had the battery drain issue 3 times. Dealership finally replaced the battery in December 2019 the third time I took it to them. 10 months after they replaced the battery Oct 2020, I go out to the car and experienced the same problem! Smart key System malfunctioning / Battery dead.

The factory supplied battery is tested to JIS specification it is not directly comparable European "Deutsches Institut f&#252;r Normung" (DIN) standards. As quick over view the DIN test is carried out at -18&#176;C. The fully charged battery is discharged to 6V using the battery's "rated" test current. The voltage must be at least 9.0V after ...

Of course, it could be the battery, maybe a short to one cell, but a load test of the battery would tell you if that was happening. Remember you need both voltage and amperage to make your truck run correctly. And once a battery has been significantly drained (maybe 12.2V or lower), it is also damaged and life shortened. Multiple occurrences ...

Batteries nowadays have about a 4 year lifespan due to all the monitoring systems that constantly run, even when the car is off. I just replaced my 4.5 y/o battery on my 2020 Ascent. The worst part is there is no warning that the battery is going bad (unlike the old days when the battery would give a slow crank letting you know it was time to ...
