

Addis Ababa Solid State Capacitor Ranking

How is Addis Ababa University ranked in Environmental Science?

The following table provides academic rankings for Addis Ababa University in various areas of Environmental Science. Addis Ababa University ranked 1st for Liberal Arts & Social Sciences in Ethiopia and 1070th in the World with 10,588 publications made and 155,958 citations received.

How is Addis Ababa University ranked?

Addis Ababa University ranking is based on 3 factors: research output (EduRank's index has 19,260 academic publications and 282,186 citations attributed to the university), non-academic reputation, and the impact of 40 notable alumni.

Which supercapacitor has the best specific capacitance?

Its assembly in an ultra-flexible all-solid-state thin-film supercapacitor for the first time possessed great specific capacitance of 660.8 F cm^{-3} and demonstrated the best record among all-solid-state thin-film supercapacitors.

Is Addis Ababa University a good school for biology?

Addis Ababa University ranked 1st for Biology in Ethiopia and 1006th in the World with 13,557 publications made and 225,557 citations received. Main research topics: Genetics, Paleontology, Biochemistry, Immunology, Botany. The following table provides academic rankings for Addis Ababa University in various areas of Biology.

What is the role of galvanostatic charge-discharge (GCD) in a supercapacitor?

In consideration of its close relationship with the interfacial characteristics of the electrode/electrolyte and the electrode/current collector, the cycling stability of the ASSSCs plays a crucial role in their application. The galvanostatic charge-discharge (GCD) technique is used to evaluate the cycling stability of the supercapacitor devices.

What is a quasi-solid-state symmetric supercapacitor?

A quasi-solid-state symmetric supercapacitor gadget was set up utilizing CuMnO_2 nanoparticles, manifesting satisfactory supercapacitive performance with a high specific capacitance of 272 F g^{-1} , an extreme power density of 7.56 kW kg^{-1} , and upper-level cycling stability of 18,000 continuous cycles.

The best cities to study in Ethiopia based on the number of universities and their ranks are Addis Ababa, Jimma, Bahir Dar, and Awasa. Average cost of living for students in Ethiopia is \$483 + \$55-393 for rent (depends on where to live: dormitory, renting with a roommate or solo). EduRank is an independent metric-based ranking of 14,131 universities from 183 ...

Its assembly in an ultra-flexible all-solid-state thin-film supercapacitor for the first time possessed great specific capacitance of 660.8 F cm^{-3} and demonstrated the best record among all-solid-state thin-film supercapacitors.

Addis Ababa University ranked 1st in Ethiopia and 1211th in the World 2024 overall rankings, while got 77th place for Hydrology and Water resources management and ...

Evergreen, 2024. The incineration of municipal solid waste (MSW) effectively reduces waste and has a side product, such as electricity. The waste-to-energy (WTE) power plant in Bantargebang is the first national pilot plant facility in Indonesia using moving grate incinerator (MGI) technology, with a 100 tons/day design capacity and a maximum design of electricity power output of 750 kW.

The State of Addis Ababa 2017 report is aimed at providing a comprehensive assessment of existing socioeconomic and environmental conditions in the city, shedding light on the impacts of on-going fast paced urbanization. The report addresses policy makers and city planners and makes bold recommendations on how resources can be strategically developed and managed ...
