

# Analysis of the latest price trend of scrap aluminum batteries

Why are aluminium scrap prices falling in India?

Domestically, aluminium scrap prices followed a similar downward trajectory, with tense scrap prices in majority of the Indian cities reflecting the broader market trend and LME price movements. The outlook for the remainder of the quarter remained uncertain, as the market grappled with LME price stability, ongoing holidays, and subdued demand.

Why did aluminium scrap prices rise in Q2 2024?

Aluminium Scrap Price Trend for the Q2 of 2024 In Q2 2024, aluminium scrap prices in Europe remained elevated, driven by tight supply and robust demand, particularly from Asian markets.
