Experience the Banana Solar 'No BS' approach and request a free quote today Reviewers report paying: \$10,170 - \$10,500 for depending on hardware choice and installation difficulty (how is this calculated?)

Do I need to contact banana solar?

Whilst the weather has not been favorable for Solar, on bright sunny days the system generates just over 5kW. I have not had a need to contact Banana Solar since the time of the installation. This is our second time dealing with Banana Solar as we decided to expand the system installed by them last year.
