

What should a battery invoice include?

Additionally, the invoice should feature the Harmonized System of Nomenclature (HSN) code assigned to batteries for standardized classification and ease of identification. The GST rates on batteries are subject to change and manufacturers should regularly verify and stay updated with the latest applicable rates.

What should be included in a GST invoice for battery sales?

Invoices for battery sales must comply with GST regulations. The invoice should contain: The correct HSN code for the battery type. The GST rate applied (e.g., 18% or 28%). The total taxable value of the goods. GSTIN of both the buyer and the seller.

Can a UPS/inverter & external battery be sold on the same invoice?

The matter has been examined and it is observed that even if the UPS/ inverter and external battery are sold on the same invoice, their prices are separately known, and they are two separately identifiable items. Thus, this constitutes supply of two distinctly identifiable items in the invoice.

What should be included in a GST invoice?

An invoice raised must include details of the GST registration number of the supplier and the recipient, the type and quantity of batteries, the value of the goods, and the applicable GST rate. The invoice must also contain the HSN (Harmonized System of Nomenclature) code for batteries.

What is the GST rate on bike Batteries & car batteries?

Answer: The GST rate on bike batteries and car batteries depends on the type of battery used. The GST rate on lithium-ion batteries is 18%, while other secondary batteries and electric accumulators attract a GST rate of 28%. 4.

What is the GST rate for UPS/inverter & external batteries?

Thus, this constitutes supply of two distinctly identifiable items in the invoice. Therefore, it is clarified that in such supplies, UPS/inverter would attract GST rate of 18% under heading 8504, while external batteries would attract the GST rate as applicable to it under heading 8507 (28% for all batteries except lithium-ion battery).
