

China Solar Power Generation Training Equipment Manufacturer

Amid the global wave of energy transition, China's solar panel manufacturers have taken a pivotal role in the global market with their outstanding manufacturing capabilities and innovative technologies. According to the International Energy Agency (IEA), global spending on solar energy production in 2023 surpassed oil production for the first time, with China playing a ...

Company Introduction: Since established in 1998, Dolang educational training equipment products cover many fields like electrotechnics, electronics, mechatronics, intelligent buildings, automobile etc for vocational schools, engineer training centers, engineer universities colleges etc. Our training equipment include motor and drag series, motor control series, CNC machines ...

solar energy training equipment manufacturer GTEE produces high quality solar energy laboratory equipment|new energy training equipment.

We specialize in vocational training equipment in China for 8 years, our products include ...

Green energy teaching equipment Solar training kit Solar power generation experiment device PN: GTNT-002
Picture for reference: Technical parameter Power supply: AC220V±10%, 50HZ; Power: <=500W;
Dimension (l × w × h): 620 × 425 × 180mm; Communication line: RS232 to USB
Product description

Guangzhou Guangtong Educational Equipment Co., Ltd. (GTEE), founded in 2013, is a comprehensive enterprise integrating R & D, production and sales of educational equipment, with headquarters in Guangzhou, adjacent to Guangzhou Baiyun International Airport.

Wind driven generator is driven by fan, solar energy panel is driven by high work power metal halide. This trainer cultivate students hand on ability, it's suitable for engineering university, training institute, technical schools.

Product Details. YL-1200A Solar Photovoltaic Power Generation Training Equipment(Sensor) Features . 1)
This Solar Photovoltaic Power Generation Training Equipment organic integrates new energy generation technology, PLC control technology, DC motor control technology, sensor technology, human-interface configuration technology, sprocket drive technology, turbine ...

China Renewable Training Equipment catalog of Renewable Energy Training System Solar and Wind Trainer Teaching Equipment, Renewable Energy Training System Teaching Equipment Vocational Training Equipment provided by China manufacturer - Jinan Should Shine Didactic Equipment Co., Ltd., page1.

DLXNY-ST02 Solar Wind Hybrid Solar Power Generation Experiment Training System. 1. The ...

DLXNY-ST02 Solar Wind Hybrid Solar Power Generation Experiment Training System. 1. The daily system adopts two control methods of light intensity control and time control to realize automatic solar tracking of solar panels. 2. The solar tracking system is open to provide various practical training to strengthen students' practical ability. 3 ...

This training system simulate demo solar generate electricity process, enable students to learn solar generate electricity. Solar energy panel is driven by high work power metal

China Renewable Training Equipment catalog of Renewable Energy Training System Solar ...

Solar Energy Training Equipment 8,501 products found from 177 Solar Energy Training Equipment manufacturers & suppliers. Product List ; Supplier List; View:

We specialize in vocational training equipment in China for 8 years, our products include AutomationTrainer, Hydraulic and Pneumatic Trainer, Renewable Energy Trainer, PLC Technology Trainer etc. 2.

Guangzhou Guangtong Educational Equipment Co., Ltd. (GTEE), founded in 2013, is a comprehensive enterprise integrating R & D, production and sales ...
