It's time to tell the truth about RV solar and lithium batteries. Not that they aren't great to have. It's just that too many RVers have been talked into getting solar/lithium packages by unreasonable claims by RV salespeople who just don't understand the limits of the technology. Let me be very clear: We've been using RV solar and lithium batteries since 2015.

Tianqi and Ganfeng have issued major upside profit alerts, both boosted by surging prices for lithium that is

their core product
