Borrower: Banco Promerica S.A. El Salvador: Financing Type: Private Sector & Trade Finance: Instrument: Private Sector Debt: Focus Area : Financial: Approved: 15.09.2021: Signed: ...

Altair Nanotechnologies, Inc. (NASDAQ: ALTI), announced that it has signed a contract with Inversiones Energíticas, S.A. de C.V., one of El Salvador"s largest electric ...

Promoting the growth of the lithium battery sector has been a critical aspect of China"s energy policy in terms

El Salvador lithium battery supporting enterprises

of achieving carbon neutrality. However, despite significant support on research and development (R& D) investments that have resulted in increasing size, the sector seems to be falling behind in technological areas. To guide future policies and understand ...

China's lithium battery industry is seeing rapid growth amid sky-high demand from the electric car and renewable energy industries. However, a reliance on imports for key materials leaves the industry vulnerable to price fluctuations and imbalanced development within the domestic supply chain. The government is now calling on local authorities and industry ...

The Government of El Salvador has shared the outcomes of the project "Development of Dynamic Micro and Small Enterprises for the Economic Reactivation of El Salvador," carried out from April 2023 to August 2024. The initiative, supported by the Korea International Cooperation Agency (KOICA) and the United Nations Development Programme ...

The award celebrates the innovation shown by Neoen in El Salvador to deliver the biggest battery project in Central America. The project comprises two large battery systems providing a total of 11MW / 8 MWh at Neoen's Capella (140 MWp) and Providencia (101 MWp) solar farms. The batteries will begin operation in the second quarter of the year ...

Both plants will be connected to 3MW / 1.5MWh lithium-ion battery systems, allowing more stable power to be delivered to the grid. Both facilities will contribute to increasing the installed ...
