

Are solar panels free?

The Department of Energy is aware of claims of offers for free solar panels or that solar companies must provide solar panels for free if requested. However, the federal government does not offer any programs for free home solar panel installations nor does the government require companies to grant solar panels for free to customers.

Does the federal government offer free solar panels?

The federal government does not provide free solar panels, but does provide incentives that reduce the cost of going solar. You can go solar with no upfront cost by taking out a \$0-down loan, signing a lease or PPA, or subscribing to a community solar farm. Of the no upfront cost solutions, \$0-down loans provide the best long-term savings.

Are "free" solar panels a good idea?

The concept of "free" or "no-cost" solar panels really is too good to be true. "Free" solar panels are essentially rented from solar companies. While you will reap the benefits of cheaper electricity bills through solar power, you do not own the panels; the solar company does. Once your lease agreement is up, the panels will be removed.

Are free solar panels a scam?

If free solar panels sound too good to be true, it's because they are. Solar panels cost money, and these ads are, at best, misleading attempts to push solar leases and, at worst, complete scams. In this article, we'll pull back the curtain on free solar panel claims by comparing solar leases with solar purchase options.

Are free solar panels a lie?

While the word "free" implies there are no associated costs, this is not usually the case with free solar panel offers. "I have never seen an advertisement offering free solar that is not a lie," said Neil Gallagher of Brighterway Solar, a solar installation company in Florida.

Can free solar panels bring you in on a deal of lifetime?

Sunlight is one of the most widely available resources on the planet. With recent investments and advances in solar energy technology, more Americans than ever before can harness the sun's rays and power up their homes and businesses. Riding this historic trend, some are even claiming they can bring you in on a deal of lifetime: free solar panels.
