HENGLIDA offers slitter blades for cutting and slitting of lithium battery electrodes. These cutting blades are most often made out of an ultrafine tungsten carbide powder and are applicable for cutting different materials, including lithium iron phosphate, lithium manganese oxide, cobalt oxide, and other materials. These blades are compatible ...

LCUT offers high precision slitter blades for cutting and slitting of lithium battery electrodes. Lithium battery electrode slitter blades are ...

LCUT offers high precision slitter blades for cutting and slitting of lithium battery electrodes. Lithium battery electrode slitter blades are normally worked in pair. Intersection slitting with a bottom blade and a top blade. They are made of sub-fine or super-fine tungsten carbide powders.

More electric scooter lithium battery can be customized for factory customers. Read more EV/AGV LITHIUM BATTERY Design multi-material battery technical scheme.Ensure excellent performance of 4-wheeler vehicles, AGV, Special equipment, etc. Read more Why Choose Us About SmartPropel . SmartPropel is a high tech enterprise, specializing in R& D and ...

High Quality Customized Lithium Battery Pole Blade, Find Details and Price about Knives Lithium Battery from High Quality Customized Lithium Battery Pole Blade - Delixi New Energy ...

Custom-designed blades: For unique battery designs or specialized cutting needs. Why Precision Matters Battery Performance: Precise cuts ensure the integrity of the electrode material and prevent damage that could reduce battery capacity or lifespan.

Flexible structure: The blade battery has a flexible structure, and the length of each battery can be customized to make full use of the space in the car pared with ordinary lithium iron phosphate batteries, the volume ...

Tungsten Carbide circular blades used for the Anode plates and cathode plates of Lithium Battery in all standard and customized sizes are available here. We produce mirror polished tungsten carbide round/circular blades for Lithium Battery cutting, foil (metal foil, copper foil cutting).

China Lithium Battery Slit Knife wholesale - Select 2024 high quality Lithium Battery Slit Knife products in

best price from certified Chinese Industrial Machine Knife manufacturers, Custom Knife Blade suppliers, wholesalers and factory on Made-in-China

Lithium Battery Thin Film Cutting Blade. Place Of Origin: China. Application: Plastic, Paper, Carpet, Metal, Rubber, Aluminium, Cables, Copper, Shred, Tyres, WEEE. Material: WC. Model Number: CB-LT. OEM Service: Available. ...

High Quality Customized Lithium Battery Pole Blade, Find Details and Price about Knives Lithium Battery from High Quality Customized Lithium Battery Pole Blade - Delixi New Energy Technology (Hangzhou) Co., Ltd.

The lithium battery circular cutting blade is applied to the slitting of lithium battery electrode chip. Made from ultrafine tungsten carbide, it can slit lithium iron phosphate, lithium manganate, cobaltic acid etc., matching NISHIMURA (Japan), ARECONN, Wuhan SWIFT HORSE, Dali ...

Xiamen Tmax Battery Equipments Limited was set up as a manufacturer in 1995, dealing with lithium battery equipments, technology, etc. We have total manufacturing facilities of around 200000 square foot and more than 230 staff. Owning a gr...

Lithium Battery Electrode Slitter Blades, Circular Tungsten Carbide Slitter Blades, Lithium Battery Slitter Blades. Email: ... Custom Wear Resistance Lithium Battery Electrode Slitter Blades With Polished Finish. Product Details Place of Origin: China Brand Name: DING CHUANG Certification: ISO Model Number: CDDC Payment & Shipping Terms Minimum Order Quantity: ...

Customized Design. Customized lithium battery cell design for various applications: longer battery life and superior performance. Excellent Quality. Our 30+ combined battery experiences ensures that your lipo battery design is of the top quality within the industry. Fast Production. Our experienced staff plus smooth relationship with our supplier guarantees 10 Days production ...
