

Where to buy lithium batteries?

Where you buy your lithium batteries will likely depend on the application and type of battery you need. For instance, you can find AA lithium batteries in most brick-and-mortar stores. But 12-volt deep-cycle lithium marine batteries and RV lithium batteries aren't as commonly found.

Where can I mail lithium batteries?

Customers can mail packages containing lithium batteries installed in electronic devices to their local Post Office for many international destinations, and Army (APO), Fleet (FPO), and Diplomatic Post Office (DPO) locations. For the current regulations regarding the mailability of lithium batteries, please visit your local Post Office.

Does LithiumHub have customer service?

At LithiumHub, we take customer service seriously and have a 100% US based support team standing by to help you before and after your purchase. What do you need help with? *No products in the cart. Looking for lithium batteries & accessories at a great price?

How much does a lithium battery cost?

For example, Battle Born's 100 Ah, 12-volt deep-cycle lithium iron phosphate battery regularly costs \$950. We also offer a 270 Ah 8D version of the same battery that costs \$2,800. The price of lithium batteries goes up as the capacity increases. [What Is The Best Lithium Battery To Buy?](#)

Lyten's lithium-sulfur battery has the potential to be a key ingredient in enabling mass-market EV adoption globally. "Carlos Tavares, Stellantis CEO Through their innovative 3D Graphene technology, Lyten is on its way to revolutionizing the future of batteries and materials."
