iPad 12.9 inch comes in for battery replacement.

Use this guide to remove and replace a worn out battery for the Apple iPad Pro 12.9" 2nd gen. ...

Yesterday I purchased a brand new, maintenance-free, 12 volt lead acid car battery. Specs: 47Ah and 450CCA. Lead-acid batteries that are "new" can actually be as much as six months old. They are no longer sold dry without electrolyte, requiring the user to fill the electrolyte. Instead, they are sold with electrolyte, which means they self ...

COD Mobile drains the battery just a bit faster than normal. The Magic Keyboard reduces battery life by maybe 5% in total. It's not really a battery drain. The Apple Pencil has virtually zero effect on battery life, it drains very little. Some apps will kill your battery life. For example, Luma Fusion is very battery hungry which makes sense ...
