What is driving the demand for lead-acid batteries in Africa?

Increasing requirement for UPS batteries systems in corporate offices, industries, educational institutes, and homes is driving the demand for lead-acid batteries. In addition, the rising demand for electric and hybrid vehicles, which use lead-based batteries is also set to increase the growth of the lead-acid battery market in Africa.

What is recycle battery exchange marketplace?

Recocycle app creates a first of its kind, Battery Exchange Marketplace. An open and transparent market based system for waste lithium ion batteries, which results in a safe, regulation and trusted ecosystem. Through Open Bidding, Buyers can get battery waste shipments at the best market price.

Why should a battery seller use recocycle's open bidding mechanism?

By using Recocycle's Open Bidding mechanism, Battery Sellers can extract the maximum value from their battery sale shipments. This also helps in regulating the market and removing fraudulent and illegal activity to ensure compliance with regulations. Copyright © 2024 Ziptrax CleanTech Pvt Ltd.
