

Romania's Ministry of Energy has reached two additional milestones under the National Recovery and Resilience Plan related to battery storage capacities and PV panel production.

Romania has committed in its LTS (Romania's Long-Term Strategy for Reducing Greenhouse Gas Emissions - Neutral Romania in 2050) to an installed wind and solar energy capacity of about 24 GW by 2035, indicating a 5-fold increase compared to the installed wind and solar energy capacities by 2021 (3 GW wind energy and 1.4 GW solar energy ...

Electrica informs its shareholders and investors that it has attracted approximately EUR 3.4 million in non-reimbursable European funds through PNRR (National Recovery and Resilience Plan) for the project "Construction of electricity storage capacity, related installations, transformer stations and the transformer station, internal electric networks, ...

Nala Renewables, a global power and renewable energy investment and development platform, announces that it has signed an agreement with renewable energy group Monsson to acquire a 61 MWp solar photovoltaic (PV) project located in Western Romania. Construction is anticipated to commence during Q3 2024, with the project expected to be ...

Romanian utility Societatea Energetica Electrica SA (BSE:EL), or Electrica, has secured roughly EUR 3.4 million (USD 3.8m) in European funds to support the installation of a ...

The Ministry of Energy announced the relaunch of the project call "Support for investments in developing electric energy storage capacities (batteries)" related to Investment ...

Romania's energy ministry has re-launched a competitive tender for battery storage projects, seeking to have at least 240MW/480MWh of energy storage facilities up and ...

The Ministry of Energy announced the relaunch of the project call "Support for investments in developing electric energy storage capacities (batteries)" related to Investment 4 of the National Recovery and Resilience Plan (NRRP) - Industrial production and/or assembly and/or recycling chain of batteries, cells, and photovoltaic panels ...

Romania is aiming to have at least 2.5 GW of battery energy storage systems (BESS) in operation by next year and to surpass 5 GW of capacity by 2026. Energy Minister Sebastian Burduja announced these ambitious goals in line with recommendations from domestic transmission system operator Transelectrica, which estimated the need for at least 4 GW ...

Romania's Minister of Energy Sebastian Burduja signed two grant agreements under Investment 4.3 and one agreement under Investment 4.2 of the National Recovery and Resilience Plan (NRRP), aimed at developing electricity storage capacities and promoting investments in the value chain of photovoltaic cells and panels.

Romania aims to have at least 2.5 GW of battery energy storage systems (BESS) in operation by next year and to surpass 5 GW of capacity by 2026 under a plan that ...

Romanian renewable energy developer Monsson has commissioned the largest energy battery storage system in Romania as part of the country's first hybrid photovoltaic-wind-battery project. Menu . Collections ...

Investment 4.3 - Electricity storage capacities (batteries) During the call, two financing contracts were signed to support the development of new electricity storage ...

Romania's energy ministry has re-launched a competitive tender for battery storage projects, seeking to have at least 240MW/480MWh of energy storage facilities up and running by mid-2026. Meanwhile, another tender for the construction of an industrial chain for battery storage and solar panels will...

Belgian company Avesta Battery and Energy Engineering (ABEE) ... New Romanian government issues ambitious governance program focused on reducing expenses. 23 December 2024. Macro. EC disburses EUR ...

6 ???&#0183; The Romanian Ministry of Energy has announced a total of EUR120 million in state aid for six companies to support the production, assembly and recycling of battery energy storage systems (BESS).The funding aims to boost Romania's energy storage capabilities and align with the country's National Recovery and Resilience Plan (NRRP).. Four contracts, totaling ...
