

BEIJING, June 29, 2023 /PRNewswire/ -- JA Solar and BayWa r.e. recently signed a strategic cooperation agreement for solar module distribution in the Asia-Pacific region, further...

During the meeting, based on Haitai Solar's innovative technologies, products, and high-quality services in the photovoltaic sector, the three parties reached a consensus to collaborate on ...

During SNEC 2024, Yingli Solar signed 4 cooperation agreements with CEEC Tianjin, NANX Power, Industex and Suncity Solar respectively to expand its global market. SINEXCEL and Schneider agreed to cooperate in technology innovation, project construction, AI data analysis and intelligent energy management.

The European Commission has published its "Horizon Europe Strategic Plan 2025-2027," where it decided to form an official Co-Programmed European Partnership for solar photovoltaics with the European Technology and Innovation Platform (ETIP PV). The Commission and the solar sector are going to negotiate on the best possible format for the ...

On the afternoon of April 15, 2022, Zhang Shaofeng, Deputy General Manager of Solar First Group, and Chen Kui, General Manager of Sichuan Chengdu Ganghongyi Power Co., Ltd., signed a strategic cooperation framework agreement on ground centralized and distributed photovoltaic products on behalf of both parties.

BEIJING, June 29, 2023 /PRNewswire/ -- JA Solar and BayWa r.e. recently signed a strategic cooperation agreement for solar module distribution in the Asia-Pacific region, further strengthening the two parties' cooperation in the Asia-Pacific distribution market. The collaboration gives full play to their respective strengths in the ...

During the meeting, based on Haitai Solar's innovative technologies, products, and high-quality services in the photovoltaic sector, the three parties reached a consensus to collaborate on overseas marketing, establish a long-term cooperation framework, and jointly promote energy transformation, supply-chain synergy, and joint innovation. The ...

BEIJING, June 29, 2023 /PRNewswire/ -- JA Solar and BayWa r.e. recently signed a strategic cooperation agreement for solar module distribution in the Asia-Pacific region, further strengthening the two parties' cooperation in the Asia-Pacific distribution market. The collaboration gives full play to their respective strengths in the photovoltaic (PV) field and ...

The development of residential solar photovoltaic has not achieved the desired target albeit with numerous incentive policies from Chinese government. How to promote sustainable adoption of residential distributed

photovoltaic generation remains an open question. This paper provides theoretical explanations by establishing an evolutionary game model ...

JA Solar and BayWa r.e. recently signed a strategic cooperation agreement for solar module distribution in the Asia-Pacific region, further strengthening the two parties' cooperation in the Asia-Pacific distribution market. The collaboration gives full play to their respective strengths in the photovoltaic (PV) field and bolsters the development of the ...

At the conference, SPIC completed the strategic cooperation signing with financial institutions, equipment suppliers and distributed PV channel providers.

Distributed photovoltaic systems are one of the key technologies for achieving China's carbon peaking and carbon neutrality goals, with their continuous development and technological progress being crucial. This study focuses on six representative cities in China, comparing and analyzing the power generation performance of rooftop distributed photovoltaic systems based ...

BEIJING, June 29, 2023 /PRNewswire/ -- JA Solar and BayWa r.e. recently signed a strategic cooperation agreement for solar module distribution in the Asia-Pacific region, further strengthening the two parties' cooperation in the Asia ...

The signing of the RCEP agreement can create favorable external conditions for the trade and industrial cooperation of solar photovoltaic products, which has attracted global attention. Therefore, based on the background of RCEP, it is of practical significance to analyze the development and export competitiveness of solar energy products in the agreement ...
