

Reliable heavy-duty cargo carrier with charging capabilities; Rugged solar panel handles the elements with ease; Angular design offers a stylish addition to your car ; Dual-sided opening provides easy access anywhere ; Hauls gear for up to 3 campers, skis up to 185cm ; Interior tie-down points prevent your gear from sliding

The CBX Solar blends clean-lined, modern aesthetics with a first-of-its-kind integrated solar panel. Yakima teamed up with Sunflare to create a solar panel capable of delivering a 36W/5-volt output for when you're adventuring.

Sun's out, power's on. The CBX Solar blends clean-lined, modern aesthetics with a first-of-its-kind integrated solar panel. Yakima teamed up with Sunflare to create a solar panel capable of delivering a 36W/5-volt output for when you're adventuring.

Weighing about 60lbs, the CBX Solar has an uncluttered aesthetic to it, which is accentuated further by the rugged solar panel fixed neatly to the cargo box lid that can be secured with a locking mechanism. The ...

The CBX Solar cargo box has a first-of-its-kind integrated solar panel capable of delivering a 36w/5-volt output and 2 USB ports for off the grid power.

25 cubic feet of storage and 180 watts of power within the same electrifying footprint. Popular with Van Lifers, Overlanders and RVers!

What really sets the Yakima CBX Solar apart from other rooftop cargo boxes is (you guessed it) the row of solar panels it has embedded on top. The solar panels soak up rays and store power to charge devices through the box's integrated interior converter which features two USB ports. It's ideal for powering phones, headlamps and other small ...

In this video i will show you how i mounted my 100-watt flexible solar panel to the rooftop cargo box - Roof Box or Roof Pod on my Honda Civic. I didn't know...

25 cubic feet of storage and 180 watts of power Zamp Solar's 180-watt Obsidian series solar panels embedded 3ft ATP/SAE connector and internal wire with Anderson plug included Optional 10ft cord with Anderson plug available 80-pound struts to keep the lid open with extra weight Multiple color options available, including custom colors Dimensions: 91" x 44" x 14" Weight: ...

The CBX Solar cargo box has a first-of-its-kind integrated solar panel capable of delivering a ...

An aesthetically pleasing and immensely durable rooftop cargo box with an ...

The new SOLAR Cargo Box boasts a micro-texture-adorned exterior, a revised mounting hardware arrangement that maximizes the available cargo space, and an integrated handle that detaches when the box is locked, making it all the more secure and affording it a more streamlined, less-cluttered aesthetic.

The CBX(TM) Solar rooftop cargo box blends modern aesthetics with a first-of-its-kind integrated solar panel capable of delivering a 36W/5-volt output. With 2 USB ports, it provides enough juice for a small campsite, won't drain power from your vehicle and can charge phones, tablets, camping lanterns and action cameras.

There's no sacrificing fashion for function or vice versa with this cargo box. The Yakima CBX Solar provides 16 cubic feet of storage space and holds boards up to 185cm. On a recent outing I loaded it up with three snowboards, a snowsurf, snowskate, two pairs of boots and still had some spare room to work with.

Crossbars, bike racks, cargo boxes, roof-top tents and solar panels are just a few things jostling for limited car roof space when venturing outdoors. With the new CBX Solar, Yakima combines two ...

My online store: <https://kamchatkagear> In this video I go over how and why I mounted my 100-watt solar panel to the rooftop cargo box (car top carrier) o...
