

Introduction by the Special Editors Mary Keogh and Agha Bayramov (both University of Groningen) The ratification of the Paris Agreement (2016) commits the states of the South ...

The case of South Ossetia confirms that unrecognized status is not in itself an obstacle to economic development, but the lack of external legitimacy limits access to markets and creates difficulties for financial and trade transactions. As a result, Eurasian integration has become rather a source of problems for this republic ...

Introduction On 26 August 2008, when Russian President Dmitry Medvedev issued a decree recognizing both South Ossetia and Abkhazia as sovereign states, he made a decisive break with past Russian...

The People's Commissariat of South Ossetia was guided by the decision of the Central Executive Committee and the Council of People's Commissars of the Georgian SSR. On this basis, the People's Commissariat of South Ossetia made as early as 1927 a preliminary plan for the introduction of universal compulsory education. According to this plan ...

INTRODUCTION The two sets of papers presented here were once simply an idea that seemed perhaps crazy. Without an introduction, the reader may find this volume schizophrenic. Holding the book in one direction, the reader will find three articles by Georgian researchers. Holding the book in another direction, the reader will find
