

List of lead-acid-battery companies, manufacturers and suppliers in Spain

Wholesale Lead-Acid Battery for PV systems Invented in 1859 by French physicist Gaston Planté, the lead-acid battery is the earliest type of rechargeable battery. In the charged state, the chemical energy of the lead-acid battery is stored in the potential difference between the pure lead on the negative side and the PbO<sub>2</sub> on the positive side, plus the aqueous sulphuric acid. The ...
