

Which solar lighting to choose for outdoor lighting

How do I choose the best outdoor solar lights?

Determine what you need to be illuminated and where you have space to install outdoor lights to find the best outdoor solar lights for your space. Our top pick for most outdoor spaces is the AloftSun Motion Sensor Solar Landscape Spotlights.

How to choose solar lights?

To choose solar lights, consider your lighting needs. Solar lights come in various types for energy-efficient outdoor lighting, such as solar pathway lights and solar driveway lights. Solar pathway lights make it safer to walk outside after dark and can be attractive accents in your landscape design.

Which solar lights are the best?

Solar flood lights are great options for lighting large areas and can also be used to highlight plantings around your home. Solar spotlights are some of the brightest solar lights on the market and are ideal for work areas and security.

What are the different types of outdoor solar lights?

Based on their light output, outdoor solar lights fall into three general types: motion-activated, dusk-to-dawn, and timer-controlled. Because of solar cell size and battery capacity, the solar energy gathered is a limited resource, so consider when you want the lights to shine and for how long.

What are the best solar landscape spotlights for outdoor spaces?

Our top pick for most outdoor spaces is the AloftSun Motion Sensor Solar Landscape Spotlights. During testing, they withstood all of our durability tests, were easy to use, and were even bright enough to read under! These spotlights can detect motion from as much as 33 feet away, depending on the setting.

What are the best solar post lights?

Dusk-to-dawn solar lights, like our best pick for posts, the Kemeco LED Cast Aluminum Solar Post Light, use sensors to automatically illuminate when daylight dwindles and should have the lights remain on until sunrise.

Good outdoor lighting dramatically extends the hours when you can enjoy your yard. It can make things safer by highlighting paths and walkways, or you can use it to showcase standout features like a koi pond or slate patio. And of course, the beauty of outdoor solar lighting is that there's no need for wiring or an outdoor outlet.

The Linkind Smart Solar Spotlights come with three optional lighting modes -- motion sensor, luminance detector and light mode, should you wish to keep them on all night. And they offer several ...
